

DONALD CONNOLLY DDS
ORTHODONTICS FOR CHILDREN AND ADULTS

After nearly 50 years of practice in Santa Cruz county, it is now time to retire. Our office has partnered with the office of Drs. Shannon Hayashibara and Kayhan Mashouf at Watsonville Family Orthodontics to continue your treatment. All current treatment plans and financial arrangements will continue unchanged and future appointments will be scheduled at their office located at 270 Green Valley Rd in Freedom. Drs. Kayhan and Shannon are just down the street from our Watsonville office, across from Freedom meat lockers and next to labcorp. They can be reached at (831) 536-5544 and info@watsonvillesmiles.com.

Our Aptos office will be closing, but I encourage you to continue treatment at the Freedom office, which is only 8 miles from the Aptos office. The Watsonville office, located at 386 S. Green Valley Rd. will be undergoing a remodel to expand services and modernize equipment. During this transition time we ask that you schedule your appointments with the office in Freedom until the current office is finished. Their office will keep you apprised of when the move will be.

Both Drs. Shannon and Kayhan are highly skilled and experienced orthodontists in active practice for over a decade. They are partnered with most of the same insurance plans we accept, and they accept Denti-cal patients as well.

Over the next few weeks you will be asked to reschedule your appointments at the Freedom location (270 Green Valley Rd.). Dr Connolly and his staff will do everything we can to assist in making this transition as smooth as possible.

Dr. Shannon Hayashibara, DDS
